District	K-8	K-12	UHS	Explanation of Variance
Pepin Area (4270)	0	296	0	I followed the DPI guidelines as outlined. In the past I was using the previous years number and adding in new four year olds and subtracting out the previous years 20 year olds.
Peshtigo (4305)	0	2,443	0	
Pewaukee (4312)	0	3,423	0	
Pittsville (4368)	0	769	0	This year Pittsville School District's Census Report was completed differently than in previous years. It was discovered that students who were withdrawn from the district and attending other school districts were still being counted through our Skyward Student Software on the Census Report. This is why the total number of students is less than in previous years. An additional withdrawal step is being added by secretarial staff so that these students who are no longer residents of the Pittsville School District will not be counted on our Census Report. Per Deb Zdun District Administrative Secretary in charge of school census.
